

Snap-Line45® Basalt™

SNAP-LINE 45®

ARCHITECTURAL PANELS

Snap-Line 45® x 345mm Monument™

Snap-Line 45®

With a 45mm deep, thin rib Snap-Line 45® have Standard cover widths of 305mm, 345mm, 445mm to offer even more flexibility, these can be varied from 305 mm to 610mm.

Choose from various materials such as Colorbond®, Zinalume®, Zinc, Copper, Aluminium and Corten. This gives the designer and architect a wide choice of aesthetics for roofing and walling.

Extensively tested and certified by an independent engineer in accordance to AS1562.1-1992, Snap-Line 45® is a structural, self supporting profile that does not require continuous backing. It is the strongest architectural profile in the market. Performance Test Data available upon request.

Softer metals such as Zinc and Copper will require continuous substrate backing under the sheet.
